

Home Learning Support

Cost-effective, digital solutions to help your schools

Accessible, offline support for children and their carers

Convenient educational support for parents and children

Our affordable digital resources are designed to support children and young people, as well as parents and carers in their expanded role as supporters of home learning.

All resources can be used offline on mobile phones and tablets, avoiding internet connectivity issues and lack of access to a laptop.

Available offline on mobile phones

Involving and engaging resources

For children: Interactive and flexible curriculum support for both primary and secondary age learners. Covering essential topics such as literacy and numeracy as well as extra reading opportunities, science, GCSE revision and PSHE.

For parents/carers: A *New Educator* package to help parents and carers in their role as secondary educators to support learning at home. This includes:

- › Home Learning: Basics
- › Home Learning: Strategies
- › Resilience in Children
- › Maths is All Around Us (early years)
- › Phonics for Parents (early years)
- › Study Skills (secondary)
- › Guide to Grammar
- › Maths Support.

Full progress tracking

You and schools can monitor progress easily to increase your picture of children's progress and inform extra support.

How to order

This is a bespoke service so contact us to discuss your particular requirements and to find out how we can support your schools.
