

AQA GCSE RS Survey

Please see below a message from the AQA Subject Lead for RE, who is seeking feedback from Heads of RE and RE teachers on the factors that influence GCSE exam board selection.

The short questionnaire is open to all, not just those who teach AQA. Responses from the Catholic sector will help support the development of a high-quality offer for our schools.

Thank you in advance for your support.

As we discussed, I have set up a survey for GCSE teachers. ([GCSE Religious Studies - Catholic specification – Fill in form](#)) It'd be great if you could circulate this - any RE depts are welcome to fill it in, whether they teach AQA or not.

We will be sending a very similar form (will just change Q1 as it asks which board they teach) to our Spec B contacts - so it will go to any HoDs of RS and RS teachers contacts we have at Spec B schools. It may mean we get some duplicates in terms of centres, but actually I don't think that is a bad thing as of course teachers may have different views to their HoD!

My plan is to leave it open until the end of term and see where we are. If needed I can have it sent around again in Sept, but hopefully we will get a good number of replies. Over the summer hols I can then collate the data and share with you / we can meet to go through it etc.
